LOCALLY OWNED • SERVING MANITOU AND AREA SINCE 1900

Destructive Storm: A severe thunderstorm brought heavy rain and strong winds to our area early Tuesday morning, July 19th where it wreaked havoc on trees and power lines in and around Manitou, such as this tree on Park Avenue. Lots of cleanup took place this week, including a group of volunteers at the Manitou Golf Course Tuesday afternoon and evening clearing the course of debris left after the storm.

Co-op Donates Paint and Labor to Spruce Up Ag. Society Building

Through the Co-op's Communities in Full Color program, the Manitou Ag. Society was able to complete a building improvement project at the fairgrounds.

The interior of the kids' activities building was brightened up just in time for this year's fair, thanks to Pembina Co-op who donated all the paint as well as the labor.

Guy Grenier Plastering & Texture spray painted the interior with primer and three coats of paint, covering up the dark, drab walls.

According to Ken Henderson, Pembina Co-op's Petroleum / Energy Division Manager, "Communities in Full Colour is a community investment program that gives

back to the places Co-op calls home. We are working to brighten up our communities

by donating Imagine paint to the projects and initiatives that matter most to you."

He was pleased with the way this project turned out and said it would not have been

possible without the support of Guy Grenier of Guy Grenier Plastering & Texture.

With the completed project are, Ken Henderson (Pembina Co-op), Regan Boulton (representing the Manitou Ag. Society), Grant McLean and Greg Young (Pembina Co-op).
